

## Children and Families First—First Five Trinity

*The Trinity County Children and Families First Commission provides funds for projects that enhance the development of children pre-natal to kindergarten entrance. The First Five program ensures that families from all of California's culturally, linguistically, and geographically diverse populations, including those with special needs, can connect to a system of services that is easy to access, use, and understand, and that meets their individual needs to support their children's healthy development and school readiness.*

*Membership: 9 members*
